*"This is my fourth MoVIP class. I love the online classes, because they allow me to work at my own speed, and I am graded on my ability without prejudice."*

*"My son has taken all his high school classes through MoVIP. It has allowed him to work at his own pace and have a variety of courses from which to choose. The MoVIP staff have been supportive in working through the process with our local school district. My son has benefitted from the pacing and help he has received from the course teachers and has been able to do his work with minimum distractions."*
